

March 14, 2008

Ateneo de Manila University
MVP Student Leadership Center Roof Deck

Interlinks 4.0

The **School of Science and Engineering** of the **Ateneo de Manila University** cordially invites you to be part of **Interlinks**, a celebration of the fruits of existing research efforts and an opportunity to establish and extend collaborations between industry and academia.

4:00 – 4:30pm Opening Program

We will give an overview of our philosophy of science and engineering research at the Ateneo and present new directions in innovative multidisciplinary research.

4:30 – 5:30 Panel Discussion

We have invited our friends from different areas to give their insights on how Research and Innovation is critical to success.

- Mr. Ramon Isberto, Smart Communications
- Dr. Paco Sandejas, Narra Ventures
- Mr. Jim Paredes, Artist
- Mr. Harvey Keh, Director for Youth Leadership & Social Entrepreneurship, Ateneo School of Government

5:30 – 7:30pm Presentations and Poster Sessions

On display will be the works of our senior students in various research areas. This is an excellent venue for exploring our work in detail, meet our researchers one-on-one, start collaborations and deepen existing relationships!

We hope you take this opportunity to explore the future with us. We look forward to seeing you!
